

4th Grade 2020-2021

Dear Students & Families,

August 2020

Welcome to 4th grade at Gibbsboro School! We are so excited to get to know you and begin our journey together. As you read this letter, we are working hard to make this year one of the best you'll ever have.

Mrs. Jungclaus (Mrs. J) is starting her fourth year at Gibbsboro School. In 2017, she graduated from Rowan University. While at Rowan, she and her classmates traveled to rural villages in India and taught English to children! During the year she coaches girls basketball and softball. In 2015, she married her high school sweetheart and together they welcomed a baby boy named Oliver, in November of last year. She also has two silly doggies named Violet and Maisie. Mrs. Jungclaus is looking forward to a fabulous fourth year at Gibby.

This will be Miss Maggioncalda's (Miss M.'s) seventh year at Gibbsboro School, and she's loved every minute! In 2014, Miss M. graduated from Rowan University where she studied teaching, reading, and writing. She recently got engaged to her fiance, Dylan. She loves music, running, and spending time with her goofy dog, Tuck, and her new niece, Elena. During the school year, she coaches soccer and advises 3rd and 4th Grade Battle of the Books.

We cannot wait to begin connecting and learning with you! No matter what this year brings, we promise to challenge you, support you, and love you with every step of the way.

Learning together
or apart,
Everyday you'll be in our
hearts!

MISS M. & MRS. J

Suggested Materials:

Welcome to 4th grade at Gibbsboro School! Mr. Marcellus has announced that Gibbsboro will be learning remotely for now. Miss M. will teach Language Arts and Mrs. Jungclaus will teach Math and Science. We are staying flexible and optimistic about the challenges this year may bring. We believe that regardless of what happens, we can still have a great year together.

While we are not requiring any additional materials, we suggest the following to help your kiddo this school year:

- Expo Dry-Erase Markers
- Notebook (or scrap paper) and pencils
- Individual workstation

Portable desk (pictured here) is a great way to give your kiddo a designated school space!
