

BE A GIBBY STUDENT FOR A DAY!

The “Gibby” Student for a Day program is designed to give non-Gibbsboro residents in grades K through 8 a hands-on opportunity to see if the Gibbsboro School could meet their interests and needs. Gibbsboro offers many of the choices and challenges of other schools, but does so in smaller settings with a community feel.

“Gibby,” as the Gibbsboro District is affectionately known, has a long standing reputation for providing a superior public school education in a small, student-centered environment. Small class sizes and a comprehensive offering of extracurricular activities await prospective students.
